DLA Piper has advised EQT Ventures in connection with their SEK 300 million investment in the Swedish fintech company Anyfin.

Anyfin, which has helped tens of thousands of customers to reduce their interest rates on existing loans, was launched in 2018 by founders Mikael Hussain, Filip Polhem, and Sven Perkmann. The company's business idea is to take over refinance existing consumers' loans. Existing investors include Accel, Northzone, Global Founders Capital and Fintech Collective.

The team included the partner in charge Mikael Moreira and Gabriel Liska, Sebastian Råsberg, Ebba Mohn (Corporate), Marcus Gustavsson, Clara Virdeborn (IPT), Björn Rustare, Cecilia Esbo (Employment), Fredrik Wiberg and Frida Nordström (Regulatory).
