DLA Piper together with AmCham Sweden held a seminar yesterday led by Johan Zetterström, Christina Hagström Björn and Anna Johnsson on the impact of the upcoming changes of Swedish employment law.

Among other things, we covered changes in relation to terminations due to personal reasons, headcount reductions, and employee terms and conditions.

Thanks to all participants who attended both via streaming and in person and thanks to AmCham Sweden – American Chamber of Commerce in Sweden for making this hybrid seminar a successful one.

We hope to see you all again soon!
