Gabriel Liska
Partner, Lawyer

DLA Piper has advised Altris AB on its SEK 150 million series B1 financing round. New investors include, among others, Maersk Growth and Clarios, who invested alongside existing shareholders EIT InnoEnergy and Molindo.

Since its inception in 2017, Altris has developed its patented cathode material for battery cells, Altris Prussian White, as well as electrolytes, battery cells and production drawings for sodium ion batteries.

DLA Piper's team consisted mainly of [Mikael Moreira](#), [Gabriel Liska](#), [Martin Nyberg Arlert](#), [Grímur Birgisson](#), [Karolin Bergström](#), [Julia Engberg](#), and [Thea Werr](#) (corporate), [Erik Brändt Öfverholm](#) and [Linnea Wernheim](#) (regulatory) and [Gustav Lundin](#) and [Beatrice Rist](#) (IPT).
