We are pleased to announce that DLA Piper in Sweden has once again been recognised by Chambers Europe for our expertise across multiple practice areas and individual rankings. This recognition underscores our strong position in the Nordic legal market and our commitment to delivering exceptional legal services.

Chambers and Partners, one of the most respected legal ranking institutions, has published its annual Chambers Europe rankings, acknowledging the top law firms and practitioners across the continent. DLA Piper in Sweden has once again been highlighted for its excellence, securing several practice areas.

In addition to our practice area rankings, a significant number of our lawyers have been recognised for their exceptional legal expertise, dedication, and commitment to client service. We are also proud to see three new individual rankings for Björn Sjöberg, Charlotte Brunlid, and Johan Forsling.

Chambers Europe's rankings are based on extensive research, client feedback, and peer reviews, making this recognition a reflection of the trust placed in us by our clients and the market. We remain committed to providing exceptional legal advice and maintaining long-term relationships built on professionalism, expertise, and integrity.

"We are proud to yet again be recognised by Chambers Europe for our work across multiple practice areas. These rankings are a testament to the dedication and expertise of our teams and the trust our clients continue to place in us. We are grateful for this recognition and remain committed to delivering top-tier legal advice," says Magnus Oskarsson, Managing Partner.

We extend our gratitude to our clients and colleagues for their continued confidence and collaboration. This achievement is a direct result of our collective efforts and unwavering commitment to excellence.
